		The JRCERT has defined "not actively seeking employment" as:										
		1) Graduate fails to communicate with program officials regarding employment status after multiple attempts OR										
		2) Graduate is unwilling to seek employment that requires relocation OR										
		3) Graduate is unwilling to accept employment due to salary or hours OR										
		4) Graduate is on active military duty OR										
		5) Graduate is continuing education.										
Calculations for 5 year averaging												
5 year credentialing exam pass rate 1st attempt					47/58 = 81.0%		(# 1st time pass / # 1st time examines)					
5 year program completion rate					58/73 = 79.4%		(# graduates / # students starting program)					
5 year program attrition rate.					15/73= 20.5%		(# students not completing program / # students starting program)					
5 year job placement rate					57 / 57 = 100%		(# graduates with verified employment / # graduates seeking employment)
